This will be an opportunity to meet and converse with partners and peers from around the world, as well as delegates from the European Space Agency who will be in Glasgow to attend the SECESA 2018 – 8th International Systems & Concurrent Engineering for Space Applications Conference. There will be an exhibition featuring a variety of cutting edge Strathclyde research, with wine and canapés being served.

Time of events

25 September – 15.00-17.00

We look forward to welcoming you.
